<u>Item</u>	<u>Purpose</u>	<u>Status</u>
2. <i>Review of APEC Minutes & Metrics</i> The minutes of the last APEC were reviewed and approved. The minutes will be posted to the website.	<i>Presentation</i>	<i>Ongoing</i>
2. <i>Energy Conservation</i> Energy conservation is on track for this fiscal year.	<i>Discussion</i>	<i>Ongoing</i>
3. <i>Overdue Technician Appraisals</i> There were no overdue appraisals.	<i>Discussion</i>	<i>Ongoing</i>
4. <i>Metrics</i> The 178 th LPC has not met because it does not have a VP at this time. Shawn Rice is the POC for union for union issues for the 178 th but there is always the possibility that he too could leave to take other opportunities. Management will continue to consult Mr. Rice on issues.	<i>Update</i>	<i>Ongoing</i>

No one at the 180th is interested in taking a VP spot. The LPC is still meeting on its regular schedule. Union elections will take place in November.

The 179th does not currently have a VP, but the LPC is still meeting.

Dan Wayble is replacing Robert Clark at the 121st LPC. They continue to meet regularly.

IBB metric needs to be adjusted to reflect recent changes.

The Air issue on the "Issues Metric" has been completed and should be removed.

Would like to add a "Town hall Tracker" to the meeting tracker. Rickenbacker held a town hall on the new CBA on 3 Feb, 2011.

5. *Questions from the Symposium* *Discussion* *Completed*
The council briefly discussed the symposium. Brig Gen Bartman would like constructive feedback about the event.
